## ASHE ANNUAL CONFERENCE WELCOMES HESNI GROUP, AWARDS PERFORMANCE

HESNI Members flew to the Eastern Seaport of Boston for the 2022 ASHE Annual Conference, July 17-20, at the Boston Convention and Exhibition Center. Most of our organizations are ASHE Members and each year proudly attend the annual meeting that provides continuing education sessions, seminars, exhibition, networking and other activities for healthcare facility professionals around the country.

“I think we had a phenomenal turnout,” stated HESNI President **Ryan Ollie**. “There was a well-rounded and in-depth educational program, and it was great to see everyone.” The HESNI group came together for a celebratory dinner at Davio’s Northern Italian Steak and Seafood that Monday evening. **Wendy Peterson**, Communications Chair, expressed that everyone enjoyed dinner and had a delightful time engaging with ASHE Keynote Speaker, **Dr. Sudip Bose**, who joined the group for dinner and became an honorary HESNI Member.

At the ceremony honoring local chapters Ryan joined other Board Members on the main stage to accept HESNI’s Platinum Award Plaque from ASHE President **Shadie (Shay) R. Rankhorn, Jr. SASHE, CHF, CHC**. The award marked another top-tier national award over successive years. Our group was also proud to see **Rachel Hutzel** and **Anne Guglielmo** highlighted in the program. Rachel was part of an ASHE task force showcasing the importance of ASHE education for up-and-coming hospital facility employees. Anne was announced as Candidate for Advisory Board Associate Member Representative for ASHE. She will proudly have our vote when the election process opens in September.
